Abstracts

Retail adult incontinence in the Philippines recorded healthy growth in both volume and current value terms in 2023, continuing the trend of the previous year. This was supported by improved economic conditions and a corresponding rise in disposable incomes, which allowed individuals to afford a broader range of tissue and hygiene products, including those targeted at adult incontinence. However, it should be noted that the cost of retail adult incontinence items remained high for the average Fi...

Euromonitor International's Retail Adult Incontinence in Philippines report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
