Abstracts

Retail adult incontinence in Saudi Arabia, despite continued overall healthy retail volume and current value growth in 2023, remained constrained by a number of factors. One is the taboo surrounding adult incontinence, with many sufferers still too embarrassed to seek the correct products for dealing with the condition. On the other hand, growing awareness of incontinence issues through digital platforms has played a crucial role in weakening the social barriers associated with incontinence prod...

Euromonitor International's Retail Adult Incontinence in Saudi Arabia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
