Abstracts

In 2023, retail adult incontinence in South Korea saw another year of significant volume and current value growth, primarily propelled by the nation's rapidly ageing population. As South Korea stands amongst the fastest ageing societies globally, the demand for adult incontinence products has been notably and steadily increasing. This trend is reflective of growing awareness and acknowledgement of the unique needs of an ageing demographic. With the Baby Boomer generation of the 1960s entering th...

Euromonitor International's Retail Adult Incontinence in South Korea report offers a comprehensive guide to the size and shape of the market at a national level.
