## Abstracts

Retail e-commerce in Egypt continued to develop fast at the end of the review period. As a result, it was set to improve its ranking among the largest markets in the channel, moving ahead of South Africa, by the end of the review period. All categories performed strongly in retail value growth terms in 2023. While high inflation boosted the performance in current terms, the development and success of the channel also fostered healthy growth in many categories in real terms. Over the forecast per...
