Abstracts

The Indonesian retail and wholesale industry's growth accelerated during 2018, reflecting robust economic development in the country. The year marked a 9.7% rise in private investments in Indonesia, which was an aftermath of recent government efforts to alleviate foreign business investment conditions. This reduced unemployment levels and supported the growth of household expenditures. However, the distribution industry throughout 2018 faced some challenges, arising from increasing crude oil pr...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Retail and Wholesale market at a national level.
