Abstracts

2018 brought two-fold experiences to the Mexican retail and wholesale industry. On one hand household expenditure increased as inflation was tamed, and the unemployment rate continued declining, benefiting disposable income growth and the industry's revenue. On the other hand, NAFTA renegotiation introduced some uncertainty to the country's macroeconomic environment, therefore, households' saving ratio remained rather high at 12%, implying that consumers remained cautious shoppers with regard to...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Retail and Wholesale market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change.
