## Abstracts

Asia Pacific is currently the largest and fastest growing retail tissue market in the world and still has huge room for growth due to its fast-growing economy. Rising urbanisation and average disposable income coupled with growing hygiene awareness will be the key to strong growth over the forecast period. This trend is further supported by the Coronavirus pandemic in 2020 which sees retail tissue impacted positively and likely to benefit over the long run.

Euromonitor International's Retail Tissue in Asia Pacific global briefing offers an insight into to the size and shape of the tissue and hygiene market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces. It identifies the opportunity zones within tissue and hygiene, analyses leading companies and brands, assesses the importance of private label and offers strategic analysis of major factors influencing the market - be they new product developments, economic/lifestyle/environmental influences, distribution or pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

**Product coverage:** Away-from-Home Tissue and Hygiene, Retail Tissue and Hygiene, Rx/Reimbursement adult incontinence, Total Tissue and Hygiene.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
