Abstracts

Overall, retailing in Azerbaijan continued to see positive retail current value growth in 2021. Indeed, the overall growth was slightly higher than over 2020, as many non-essential retailers reopened as the threat of Coronavirus (COVID-19) and related measures to stem the spread of the virus eased. Nonetheless, the pandemic continued to exert an influence on the performance, for good or ill, on retailing channels in 2021. This was especially the case in the first half of the year as new upswings...

Euromonitor International's Retailing in Azerbaijan report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Product coverage: Non-Store Retailing, Store-Based Retailing.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
