Abstracts

Rx/reimbursement adult incontinence demonstrated a stronger growth trend than retail adult incontinence in Russia in 2019, with slow current value growth compared with strong current value decline. This was the same trend as seen in 2018. Although after an enormous increase in 2016 the growth rate slowed during the review period, the programme is still financed from the state budget and is popular amongst consumers facing decreasing purchasing power. It has also contributed to rising knowledge o...
