## Abstracts

San Jose, Latin America's leading location for outsourcing activities, accounts for an impressive 67% of total GVA from business services in Costa Rica. Numerous multinationals are attracted to the city for its well-educated and bilingual employed population. San Jose posts good development indicators against other cities across Latin America, in light of relatively high household income level (US\$26,900) and comparatively equal income distributions in the metropolitan region.

Euromonitor's City Review report

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
