Date: November 2023

Pages: 22

Price: US\$ 990.00 (Single User License)

ID: S91922676809EN

Abstracts

Tomato paste is witnessing a notable price increase (up to 11%) in 2023 as a result of a surge in production costs due to rising labour and energy costs, and investment in processing facilities. Tomato price increases due to adverse weather conditions affecting crop yields, challenges in cultivation and harvesting processes, and fluctuations in supply and demand are also contributing to the overall price increase in the year, as are escalating costs of packaging and transportation.

Euromonitor International's Sauces, Dips and Condiments in Tunisia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
