Abstracts

The rate of growth in demand for sauces, dressings and condiments packaging accelerated sharply during 2020. Demand for cooking sauces, dry sauces, herbs and spices, and bouillon recorded major spikes in their packaging unit volumes used in this year, as consumers prepared and ate more meals at home due to lockdown measures. Flexible plastic is the dominant pack type for dry sauces, while glass jars are the leading pack type for herbs and spices, followed by other plastic jars and flexible plast...
