Abstracts

Demand for sauces, dressings and condiments packaging expanded for the first time in eight years during 2020. With consumers spending more time at home due to COVID-19, they prepared and ate more meals there. Larger pack sizes proved to be particularly popular, as some consumers bought sauces, dressings and condiments in bulk in order to make fewer shopping trips in an effort to minimise their risk of contagion.

Euromonitor International's Sauces, Dressings and Condiments Packaging in Ukraine report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Data coverage: Cooking Ingredients, Dips, Other Sauces, Dressings and Condiments, Pickled Products, Table Sauces, Tomato Pastes and Purées.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
