## Abstracts

At the end of the review period, self-service cafeterias in Morocco was in an emergent phase and still has very few active operators. There is strong potential for development, though, with several players showing interest. Demand from urban consumers, mainly working adults and college students, is expected to play a vital role in the future development of self-service cafeterias, with such establishments offering convenience and a cost-efficient way to purchase meals. ...

Euromonitor International's Self-Service Cafeterias in Morocco report offers a comprehensive guide to the size and shape of the market at a national level.
