## Abstracts

Sleep aids is set to maintain dynamic retail volume growth and even stronger current value growth in Brazil in 2023. For many people, especially those in busy cities, getting a full eight hours sleep each night can feel like a luxury. The fast pace of city life and daily stresses have contributed to a decline in sleep quality. It is no surprise that insomnia is the most common complaint amongst those with sleep issues, followed by problems such as snoring and sleep apnoea. According to the Brazi...

Euromonitor International's Sleep Aids in Brazil report offers a comprehensive guide to the size and shape of the market at a national level.
