Abstracts

Sleep aids is a winner in consumer health in 2023, thanks to growing consumer awareness around such products and their benefits. This also stems from the era of the COVID-19 pandemic, which triggered both health and wellness trends and instances of insomnia caused by stress and uncertainty. During this time, many people found solace in using sleep aids, thus enabling them to achieve improved rest and thus be able to function better in their day-to-day lives without the fatigue caused by being un...
