## Abstracts

In South Africa, many consumers take their mental health very seriously. Mental awareness and assistance for those experiencing mental health problems is easily available in South Africa through various channels. For example, people have access to mental support through work and even students in South Africa have access to mental support channels at universities across the country. Furthermore, there are also various helplines in South Africa for people to call when in need of support. When cons...

Euromonitor International's Sleep Aids in South Africa report offers a comprehensive guide to the size and shape of the market at a national level.
