Abstracts

Small local grocers in Germany recorded the lowest current value growth among all grocery retailing channels in 2023. This corresponded to a strong decline in constant terms due to the historically high inflation during the year; food and non-alcoholic drink prices increased by 12% in 2023, according to the statistics office Destatis. The weak performance of small local grocers in 2023 was influenced by Germany entering into recession, as the channel lost ground to competitors with a lower price...

Euromonitor International's Small Local Grocers in Germany report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers.
