Abstracts

Closed system single use e-vapour products continued to register outstanding sales growth in Latvia in 2022, in the process recording the most impressive performance of any category across the country's tobacco market during the year. These products are most popular among younger generations of consumers, among whom they represent a far more modern and technologically advanced alternative to cigarettes and fine cut tobacco. While there is a certain sense among industry stakeholders that closed s...

Euromonitor International's Smokeless Tobacco, E-Vapour Products and Heated Tobacco in Latvia report offers a comprehensive guide to the size and shape of the market at a national level.
