## Abstracts

Sales of smokeless tobacco remained negligible in 2017 but vapour products continued to perform well as many consumers switched from conventional smoking to less harmful or cheaper alternatives. Despite strong growth in the number of regular vapers, value growth slowed considerably due to changes in distribution. New legislation took effect in May 2016, banning domestic retailers from selling these products online. However, the authorities are unable to prevent Austrians from buying from website...

Euromonitor International's Smokeless Tobacco and Vapour Products in Austria report offers a comprehensive guide to the size and shape of the market at a national level.
