Abstracts

In line with other tobacco products, smokeless tobacco is expected to experience further contraction mainly as a result of the overall drop in prevalence of tobacco products among Canadians, stricter regulations and tax hikes. It is also important to note that years of restrictions regarding marketing and advertising of tobacco products including smokeless tobacco gradually resulted in a lack of visibility for these products, particularly among the younger generation. In fact, a considerable pro...

Euromonitor International's Smokeless Tobacco and Vapour Products in Canada report offers a comprehensive guide to the size and shape of the market at a national level.
