Abstracts

After several years of rapid growth, there was strong fall in retail current value sales of vapour products. The decline was registered both in cig-a-likes and open vapour systems, with poor product positioning discouraging new entrants. Both cig-a-likes and open vaping systems were positioned by the majority of retailers as trendy and part of a subculture, which attracted young adults. However, consumers interested in these products as a potentially less harmful alternative to cigarettes were n...

Euromonitor International's Smokeless Tobacco and Vapour Products in Kazakhstan report offers a comprehensive guide to the size and shape of the market at a national level.
