Abstracts

While cigarettes have been declining, moist snuff has been growing as a tobacco product. Smokeless tobacco is perceived as safer and can also be used where smoking is banned, but can it overcome its limited global footprint and compete with “reduced harm” nicotine products which imitate cigarettes.

Euromonitor International's Smokeless Tobacco Products 2013 global briefing offers an insight into to the size and shape of the Tobacco market, highlighting major industry trends and categories as well as the factors affecting operating environment. It identifies the leading companies and brands, offers impartial, strategic analysis of key factors influencing the market - be they new product developments, legislative restrictions or pricing influences. Forecasts illustrate how the market is set to change and where it is headed.

Product coverage: Cigarettes, Cigarettes Including RYO Stick Equivalent, Cigars, Smokeless Tobacco, Smoking Tobacco.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
