Abstracts

Norway's snacks industry is seeing a minor increase in retail value sales in 2024. Unit prices and inflation have been important issues within food overall throughout 2023 and 2024, also impacting snacks. However, snacks has seen lower price hikes compared to that recorded in other food industries. Prices in chocolate confectionery are particularly low, relatively, helping to support sales in 2024. At the same time, growth is somewhat curbed by consumer price-sensitivity and rising health consci...
