Abstracts

Despite rising inflation and economic instability, soft drinks recorded heightened volume sales in both the off-trade and on-trade in 2023. On-trade sales were boosted by the return of tourism to the country, while off-trade saw some consumers return to in-home consumption as a way to save costs during a time of declining disposable incomes. Since 2022, the increase in inflation and interest rates has seen consumers losing purchasing power and adapting their buying habits, with many trading down...
