Abstracts

Sales of soft drinks have been significantly impacted by Russia's war in Ukraine and soaring inflation. Besides the resulting decline in the population and the loss of territories, the market also faces other obstacles including consumers downtrading and looking to save money, including avoiding the purchase of non-essentials such as some soft drinks. The supply chain has also suffered as many factories, warehouses, and stores have been damaged since Russia's invasion. Players have been forced t...

Euromonitor International's Soft Drinks in Ukraine report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2018-2022), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they legislative, distribution, packaging or pricing issues.
