Abstracts

Glass bottles suffered significantly in 2020 due to COVID-19 restrictions on sales in the foodservice channel. While other pack types were sustained through support from the e-commerce channel, glass bottles saw a sharp decline due to the reluctance to sell glass bottles through e-commerce, as they are seen as being more susceptible to breakage and are heavier to transport compared to other pack types. Glass bottles were also not popular when buying multipacks, while PET bottles and metal bevera...
