Abstracts

After a tough 2020 due to the arrival of the COVID-19 pandemic in the country, bringing with it government measures like lockdowns and foodservice closures, the foodservice channel in the UK started to see more activity in 2021, especially after the spring, when the country started to reopen. This led to a recovery across all pack types in foodservice soft drinks in 2021, after the major decline seen in 2020, when the pandemic first hit the UK. Recovery in the unit volumes used in foodservice pa...
