## Abstracts

Soup is expected to be unaffected by COVID-19, with retail volume growth similar to 2019. However, this growth is from a very small base and soup continues to register negligible value sales in Cameroon, with only instant soup available. Soup is also considered quite expensive and this also contributes to low value sales.

Euromonitor International's Soup in Cameroon report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2015-2019, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2024 illustrate how the market is set to change.

**Product coverage:** Chilled Soup, Dehydrated Soup, Frozen Soup, Instant Soup, Shelf Stable Soup.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
