Abstracts

Packaging unit volumes used in the retail channel for soft drinks in the US slipped into decline in 2022, albeit following a clear spike in retail demand when the pandemic first hit the US in 2020, followed by further positive growth in 2021. However, overall soft drinks packaging unit volumes in 2022 were stagnating, given the continued recovery in the foodservice channel, which had seen a steep drop in demand in 2020. In spite of the diverging performances, with strong growth in foodservice an...
