## Abstracts

Asia Pacific is witnessing the highest growth for spectacles globally with the region anticipated to overtake North America and become the second biggest market over the forecast period. Favourable demographics, rising aspiration levels among consumers and low penetration of spectacles are some of the key factors driving growth in this region.

Euromonitor International's Spectacles in Asia Pacific global briefing offers detailed strategic analysis of the global Eyewear market by pinpointing growth sectors, emerging trends, economic/lifestyle influences, highlights categories and geographies as well as pressing industry issues that are driving growth. The report identifies leading companies and brands within the competitive landscape, which feeds into shaping marketing and distribution strategies. From the latest cosmetics and coloured contact lenses to prescription glasses and frames, Euromonitor International offers an incisive snapshot of the Eyewear industry. Forecasts illustrate how the market is predicted to develop, regulatory shifts as well as opportunities to be seized for further growth.

**Product coverage:** Contact Lenses and Solutions, Spectacles, Sunglasses.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
