Abstracts

Demand for spectacles started to improve in 2021 after the decline witnessed in 2020 due to the pandemic. As consumers have resumed their lives and restrictions have eased, sales of spectacles, both in volume and value terms, have recovered and show strong growth for 2023. Although many employees are no longer required to work remotely all week, some still choose to work from home for certain days, as many companies have implemented permanent hybrid working policies. This is supporting demand fo...
