Abstracts

In soft drinks as a whole, metal beverage cans continued to record increasing unit volumes and also continued to gain share in 2022, which is expected to continue over the forecast period. Metal beverage cans have continued eating into the share of PET bottles, which were once the main pack type for soft drinks. Metal beverage cans are enjoying rising demand as they are more sustainable and are also seen as helping to preserve the quality and taste of the product better than PET bottles. Metal b...
