## Abstracts

PET bottles remained dominant across soft drinks packaging in Argentina, accounting for around two thirds of total soft drinks retail unit packaging volumes in 2022, and are expected to continue to do so throughout the forecast period. This pack type continued growing in the retail channel during the pandemic, even in 2020, as sales of soft drinks switched more into the home, and also continued to record a positive retail performance in 2022. PET bottles was hit like most other pack types by the...
