Abstracts

Consumers worldwide are adopting healthy living and fitness trends, especially across developed markets where healthy lifestyles have become the new normal. This is correspondingly expanding the consumer base for sports nutrition products, but to succeed in this new world, firms need to understand consumers' crowd culture to better engage them while continuing to innovate based on consumer demands, especially around plant-based proteins and clean labelling.

Euromonitor International's Sports Nutrition: Drivers and Prospects global briefing examines the size, growth trends and potential opportunities in the Consumer Health market. The strategic analyses include assessing the impacts of changing regulations, research breakthroughs and public health concerns on both the market and leading companies. Consumer attitudes towards the products and their personal healthcare needs are also explored.

Product coverage: Allergy Care, Herbal/Traditional Products, OTC, Paediatric Consumer Health, Sports Nutrition, Vitamins and Dietary Supplements, Weight Management and Wellbeing.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
