Abstracts

Sports nutrition consists of both protein and non-protein products in Singapore. The former dominates local sales, covering protein/energy bars, sports protein powder (the largest value category) and sports protein RTD. One factor explaining the lack of popularity for sports non-protein products such as energy chews is that endurance sports are not particularly popular in Singapore. While expatriates and more affluent local citizens have experience travelling overseas to climb mountains and run...

Euromonitor International's Sports Nutrition in Singapore report offers a comprehensive guide to the size and shape of the market at a national level.
