Abstracts

Rigid plastic (PET bottles and jars, thin wall plastic containers and “other” plastic bottles) held the majority of retail unit volume sales in spreads packaging in 2017. Over the review period, rigid plastic consistently outperformed other packaging types. In the fastest-growing subcategory, honey, the pack type benefited from rising health-consciousness, especially the demand for more natural sugar intake. Some brands, including BeeMaid, responded to the demand for larger packs (eg 2kg) of hon...
