Abstracts

Staple foods is expected to register healthy current value in 2023, despite continuing economic uncertainty because of Russia's invasion of Ukraine, supply chain disruptions, the rise in inflation and tightening monetary policy. While inflation is still an issue, its growth is easing. However, constant value sales are expected to fall, as higher costs hit profitability. On the other hand, volume sales are expected to grow moderately, partly supported by continuing population growth. As such, wit...

Euromonitor International's Staple Foods in Azerbaijan report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
