Abstracts

Bolivia has managed to protect itself to a large extent from inflation by continuing to have a fixed exchange rate against the dollar. However, there has been challenges for the economy in 2023, with sharp falls in foreign currency reserves and this has increased inflationary pressure, particularly for imports, with inflation higher than 2022. This is particularly impacting shelf stable fruit and vegetables and shelf stable seafood, as these are mainly imported. Staples that have significant loc...

Euromonitor International's Staple Foods in Bolivia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
