## Abstracts

The staple foods market was characterised by strong price rises in 2023. Following increases in the prices of dairy, all major players announced price increases in the packaged food market. The price of supervised breads increased for the second time in one year by an average of 5% in May 2023. In addition, the Farmers Union increased prices of meat and poultry, which led to price rises in the frozen processed meats category. Price hikes led to increased budget consciousness, and many consumers...

Euromonitor International's Staple Foods in Israel report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in directly informs our forecasts to 2027, clearly indicating how the market is expected to change.
