Abstracts

The briefing explores structural drivers of inflation and their impact on the global economy and business environment. Factors such as demographics changes, globalisation reset, decarbonisation, AI revolution and higher debt levels would add to the higher price pressures. Companies will need to monitor and adapt to the changing macro environment.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

Product coverage:

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
