## Abstracts

Sugar confectionery is facing challenging times in Latin America, with a difficult economic situation in several countries, growing consumer health concerns, and new laws that affect sugar consumption. Companies must use innovative strategies to keep on growing in this environment, launching products that provide sensory experiences, products with portable packaging to consume anywhere and at any time, and products that offer permissible indulgence.

...

Euromonitor International's Sugar Confectionery in Latin America global briefing offers an insight into to the size and shape of the Packaged Food market, highlights buzz topics, emerging geographies, categories and trends and identifies the leading companies and brands. It also offers strategic analysis on driving packaged food industry trends like health and wellness, premiumisation, convenience and value-for-money and how those trends influence factors like new product developments, packaging innovations, retail distribution and retail pricing both historically and into the future.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
