Abstracts

Sugar confectionery in Nigeria is falling in the face of the negative impact of inflationary conditions and a weak economy in 2024. Local consumers grapple with falling incomes and reduced spending power and are thus prioritising core and essential products when grocery shopping. With the local currency depreciating, unit prices have risen substantially in response to higher import and raw material costs. These conditions are also impacting the prices of locally available raw materials like suga...

Euromonitor International's Sugar Confectionery in Nigeria report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
