## Abstracts

Following two consecutive years of double-digit declines, retail volume sales of sugar and sweeteners continue to fall in 2023. Droughts caused the cultivation campaign to be delayed in 2022, which negatively impacted sugar beet production. Additionally, a proportion of the crop was lost in the UK due to freezing temperatures during the winter. While imports are being used to cover the deficit of production, the crops of sugar beets grown in European nations from which the UK sources alternative...
