Abstracts

Sales of sun care are benefiting from the impact of continuous awareness raising campaigns about the harmful effects of sunbath without sun protection. Consumers are thus becoming more likely to use sun protection. The increasing availability of sun care is also driving growth, with these products being offered via local stores, seaside kiosks and forecourt retailers.

Euromonitor International's Sun Care in Romania report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2011-2015, allowing you to identify the sectors driving growth. Forecasts to 2020 illustrate how the market is set to change.
