Abstracts

In 2023, sun care in Argentina saw an increase in retail volume sales, although slower than the previous year. This weaker performance was influenced by the weather from October to December in 2023, which was colder, with more rain than the same period in 2022. In addition, the end of 2022 saw a strong tourist season, driven by the government, which actively promoted local tourism through the Pre-Viaje programme. This programme refunded 50% of the trip's value for travel within Argentina. Howeve...
