Abstracts

After a very positive 2022 during which saw sunglasses recorded double-digit growth in value and volume terms, 2023 is set to be a more complex year for the category. The dynamic growth seen in 2022 was linked to the category's ongoing recovery after the decline seen in 2020 following the outbreak of COVID-19. Consumers became more active as COVID-19 fears subsided and the remaining restrictions were eased – including the lifting of the obligation to wear protection face masks indoors in public...
