Abstracts

Concerns around eye health in the post-pandemic era has increased, and hand in hand with this concern, there is a growing awareness of the effects of the sun's UV rays on visual health. In response, demand for sunglasses saw significant growth in 2022 and 2023 with players identifying new targets which contributed to increased usage. For example, players saw an opportunity to create new product lines tailored to children and adolescents with eye-catching designs, bright colours and featuring pop...
