Abstracts

The world's largest regional market for sunglasses, Western Europe is expected to see stable growth despite weak macroeconomic indicators in key markets. Led by early adopters in France and the Netherlands, internet retailing has seen rising uptake by consumers seeking better prices and greater convenience. Despite reduced barriers to entry for smaller players due to the uptake of internet retailing, market consolidation has persisted.

Euromonitor International's Sunglasses in Western Europe global briefing offers detailed strategic analysis of the global Eyewear market by pinpointing growth sectors, emerging trends, economic/lifestyle influences, highlights categories and geographies as well as pressing industry issues that are driving growth. The report identifies leading companies and brands within the competitive landscape, which feeds into shaping marketing and distribution strategies. From the latest cosmetics and coloured contact lenses to prescription glasses and frames, Euromonitor International offers an incisive snapshot of the Eyewear industry. Forecasts illustrate how the market is predicted to develop, regulatory shifts as well as opportunities to be seized for further growth.

Product coverage: Contact Lenses and Solutions, Spectacles, Sunglasses.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
