## Abstracts

Supermarkets in Colombia saw further growth in 2023 as consumers are visiting stores more frequently and spending less per visit rather than doing large bimonthly shops in hypermarkets. Growth has been further supported by frequent discounts and offers. The importance of hypermarkets is in decline in grocery retailing in Colombia, since people prefer to buy in smaller formats and seek differentiated and niche offers. In this light, players have turned to generating smaller supermarkets like Smar...

Euromonitor International's Supermarkets in Colombia report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
